**Cryptocurrency arbitrage and p2p transaction
monetization automated platform**

Maxpread Technologies 2022

/// About The Company

Maxpread Technologies is a platform that monetizes new economic opportunities and cutting-edge solutions in inter-exchange and p2p transaction automation.

The Maxpread Technologies team, using automated search and transaction tools based on artificial intelligence, provides **up to 330% APR** for platform users.

/// Maxpread Technologies mission

Maxpread Technologies mission is to give retail investors secure access to the highly profitable p2p transactions and digital asset arbitrage market by using innovative AI-based software.

/// Market volume

Cryptocurrency and fiat currency arbitrage is a huge market that is in a dynamic growth phase.

The global economy state and the volatility of assets between 2020 and 2022 has led to even more arbitrage situations.

TRADE VOLUME IN CURRENCIES OF DEVELOPING COUNTRIES

maxpread.com

Affiliate Program

Any Maxpread Technologies platform user who has paid for the arbitrage plan has the right to receive a reward under the **Partner Program** for promoting the company's products.

There are seven options for rewards within the Affiliate Program:

**Direct
Bonus**

**Binary
bonus**

**Leadership
bonus**

**Matching
bonus**

**Marketing
bonus**

**Fast Start
bonus**

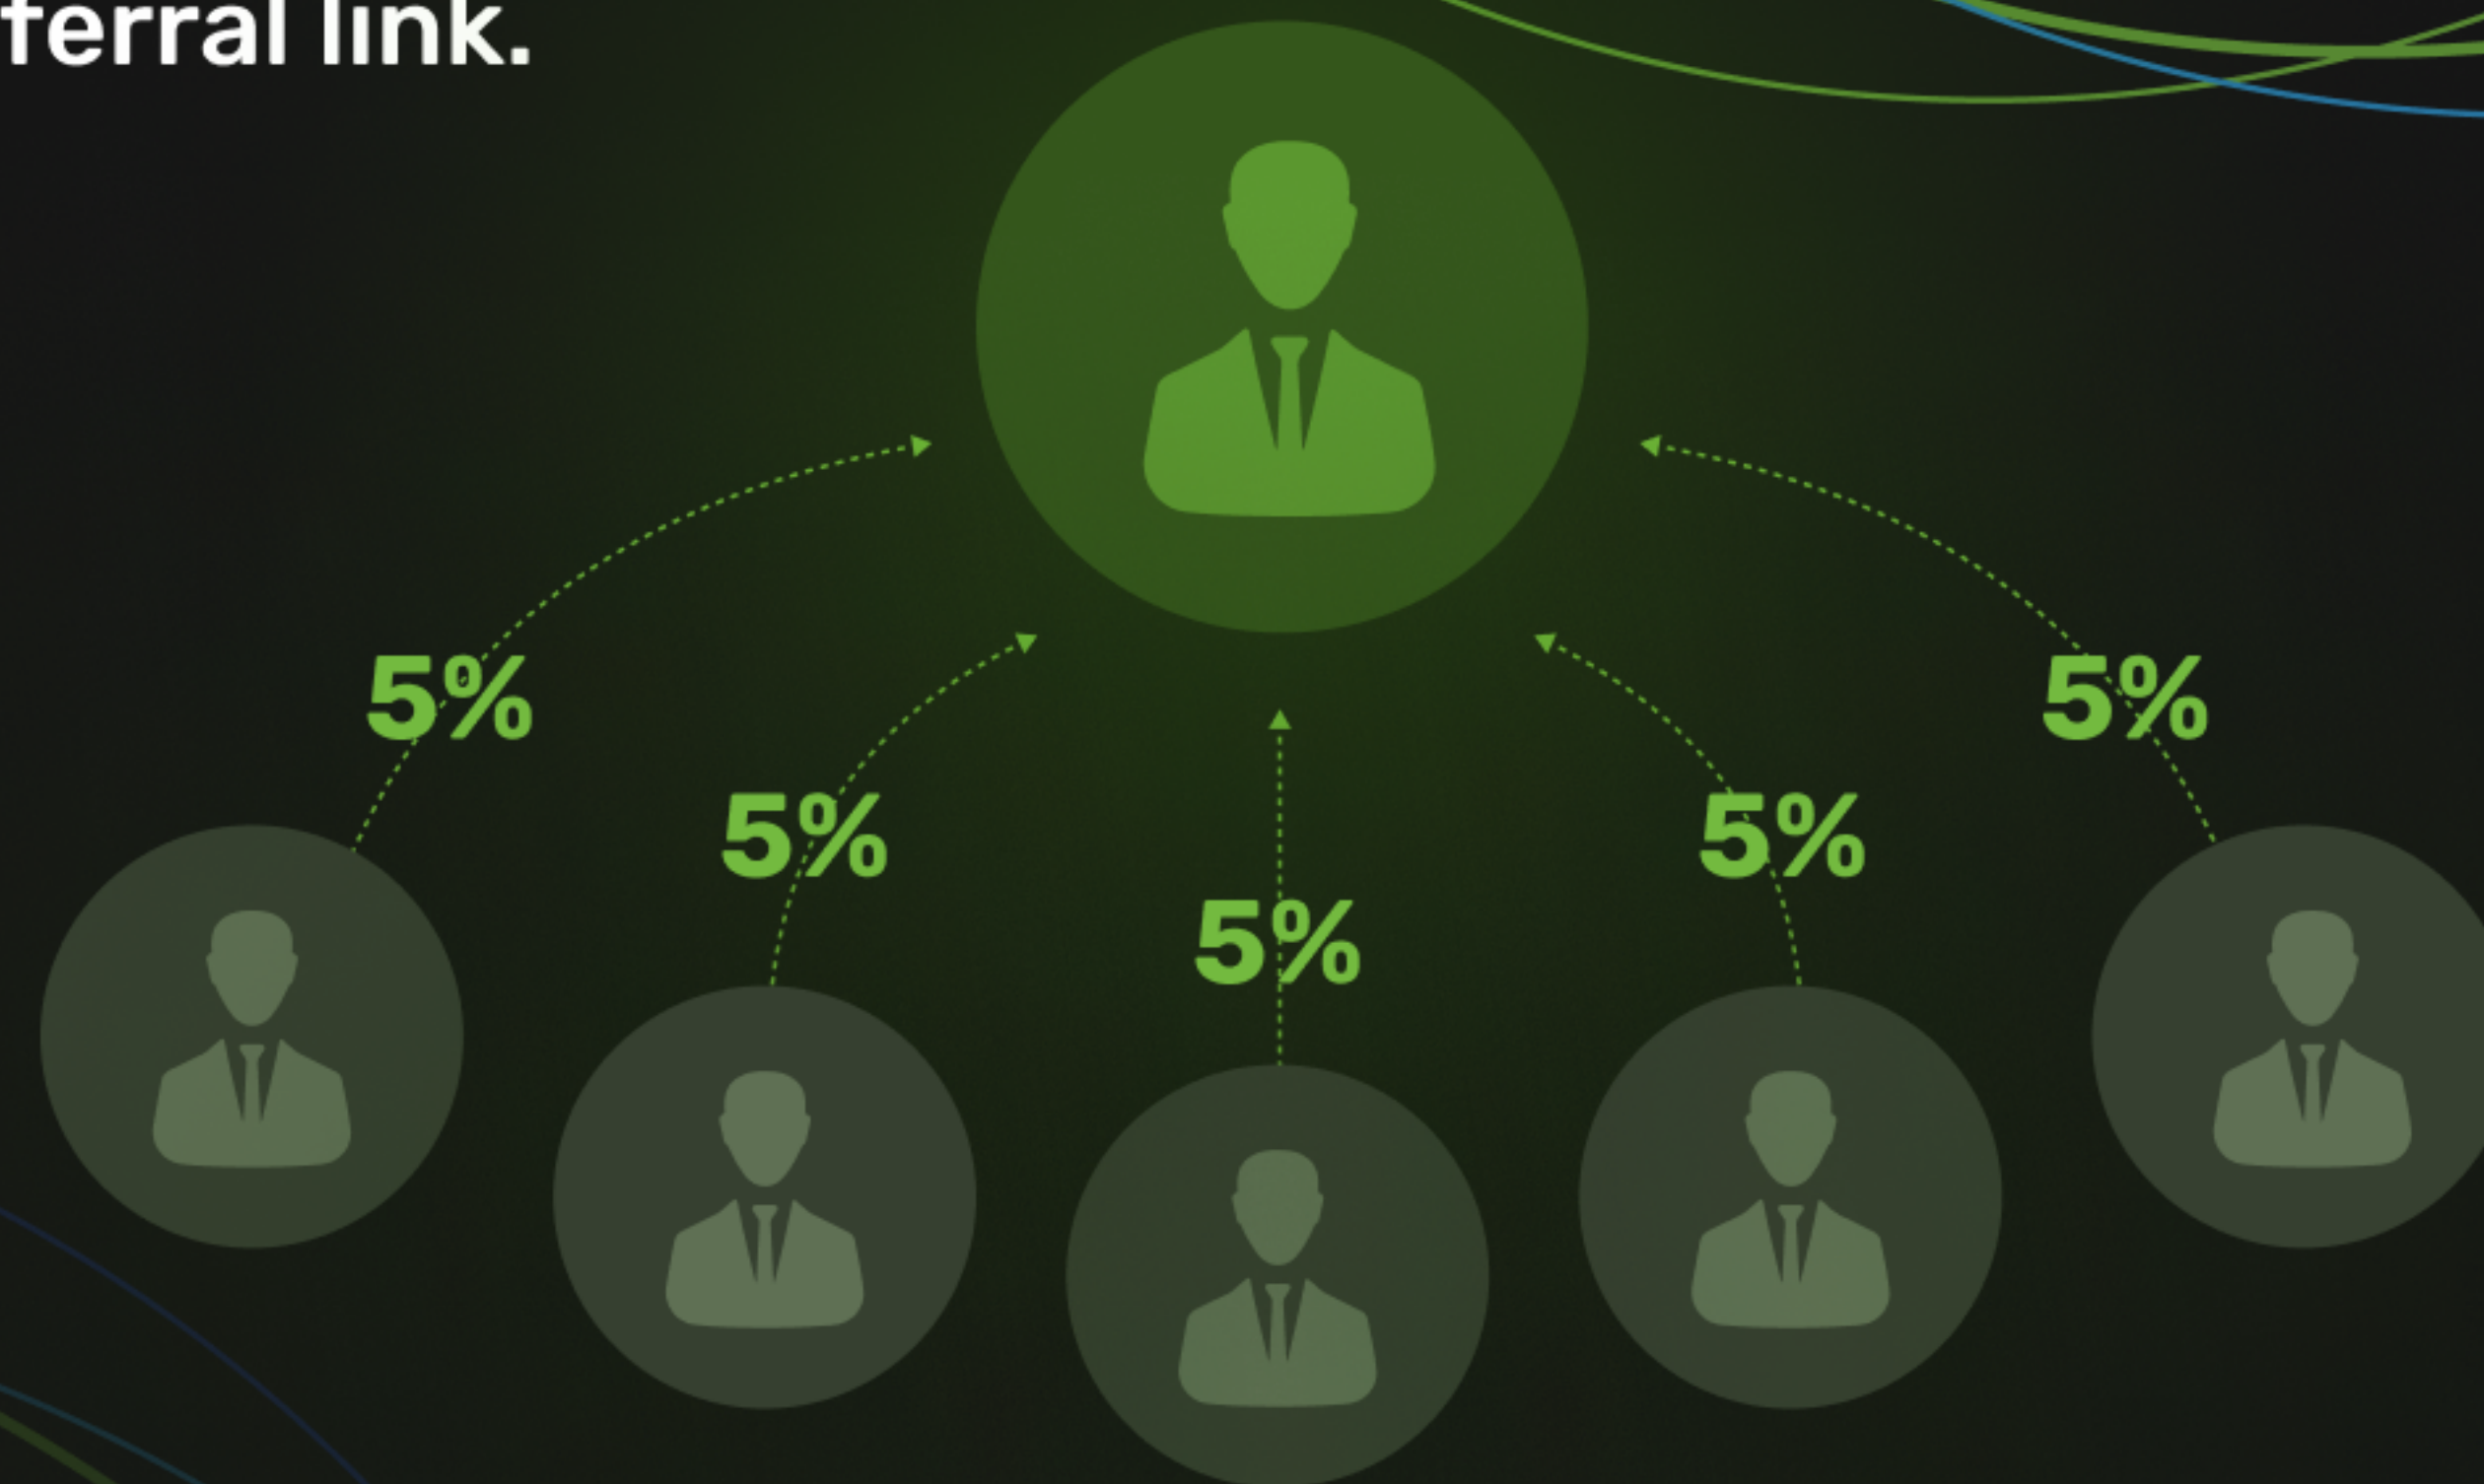

**Infinity
bonus**

/// Direct Bonus

Direct bonus is a **5% reward** from the cost of the user's Arbitrage plan, which was invited using your referral link.

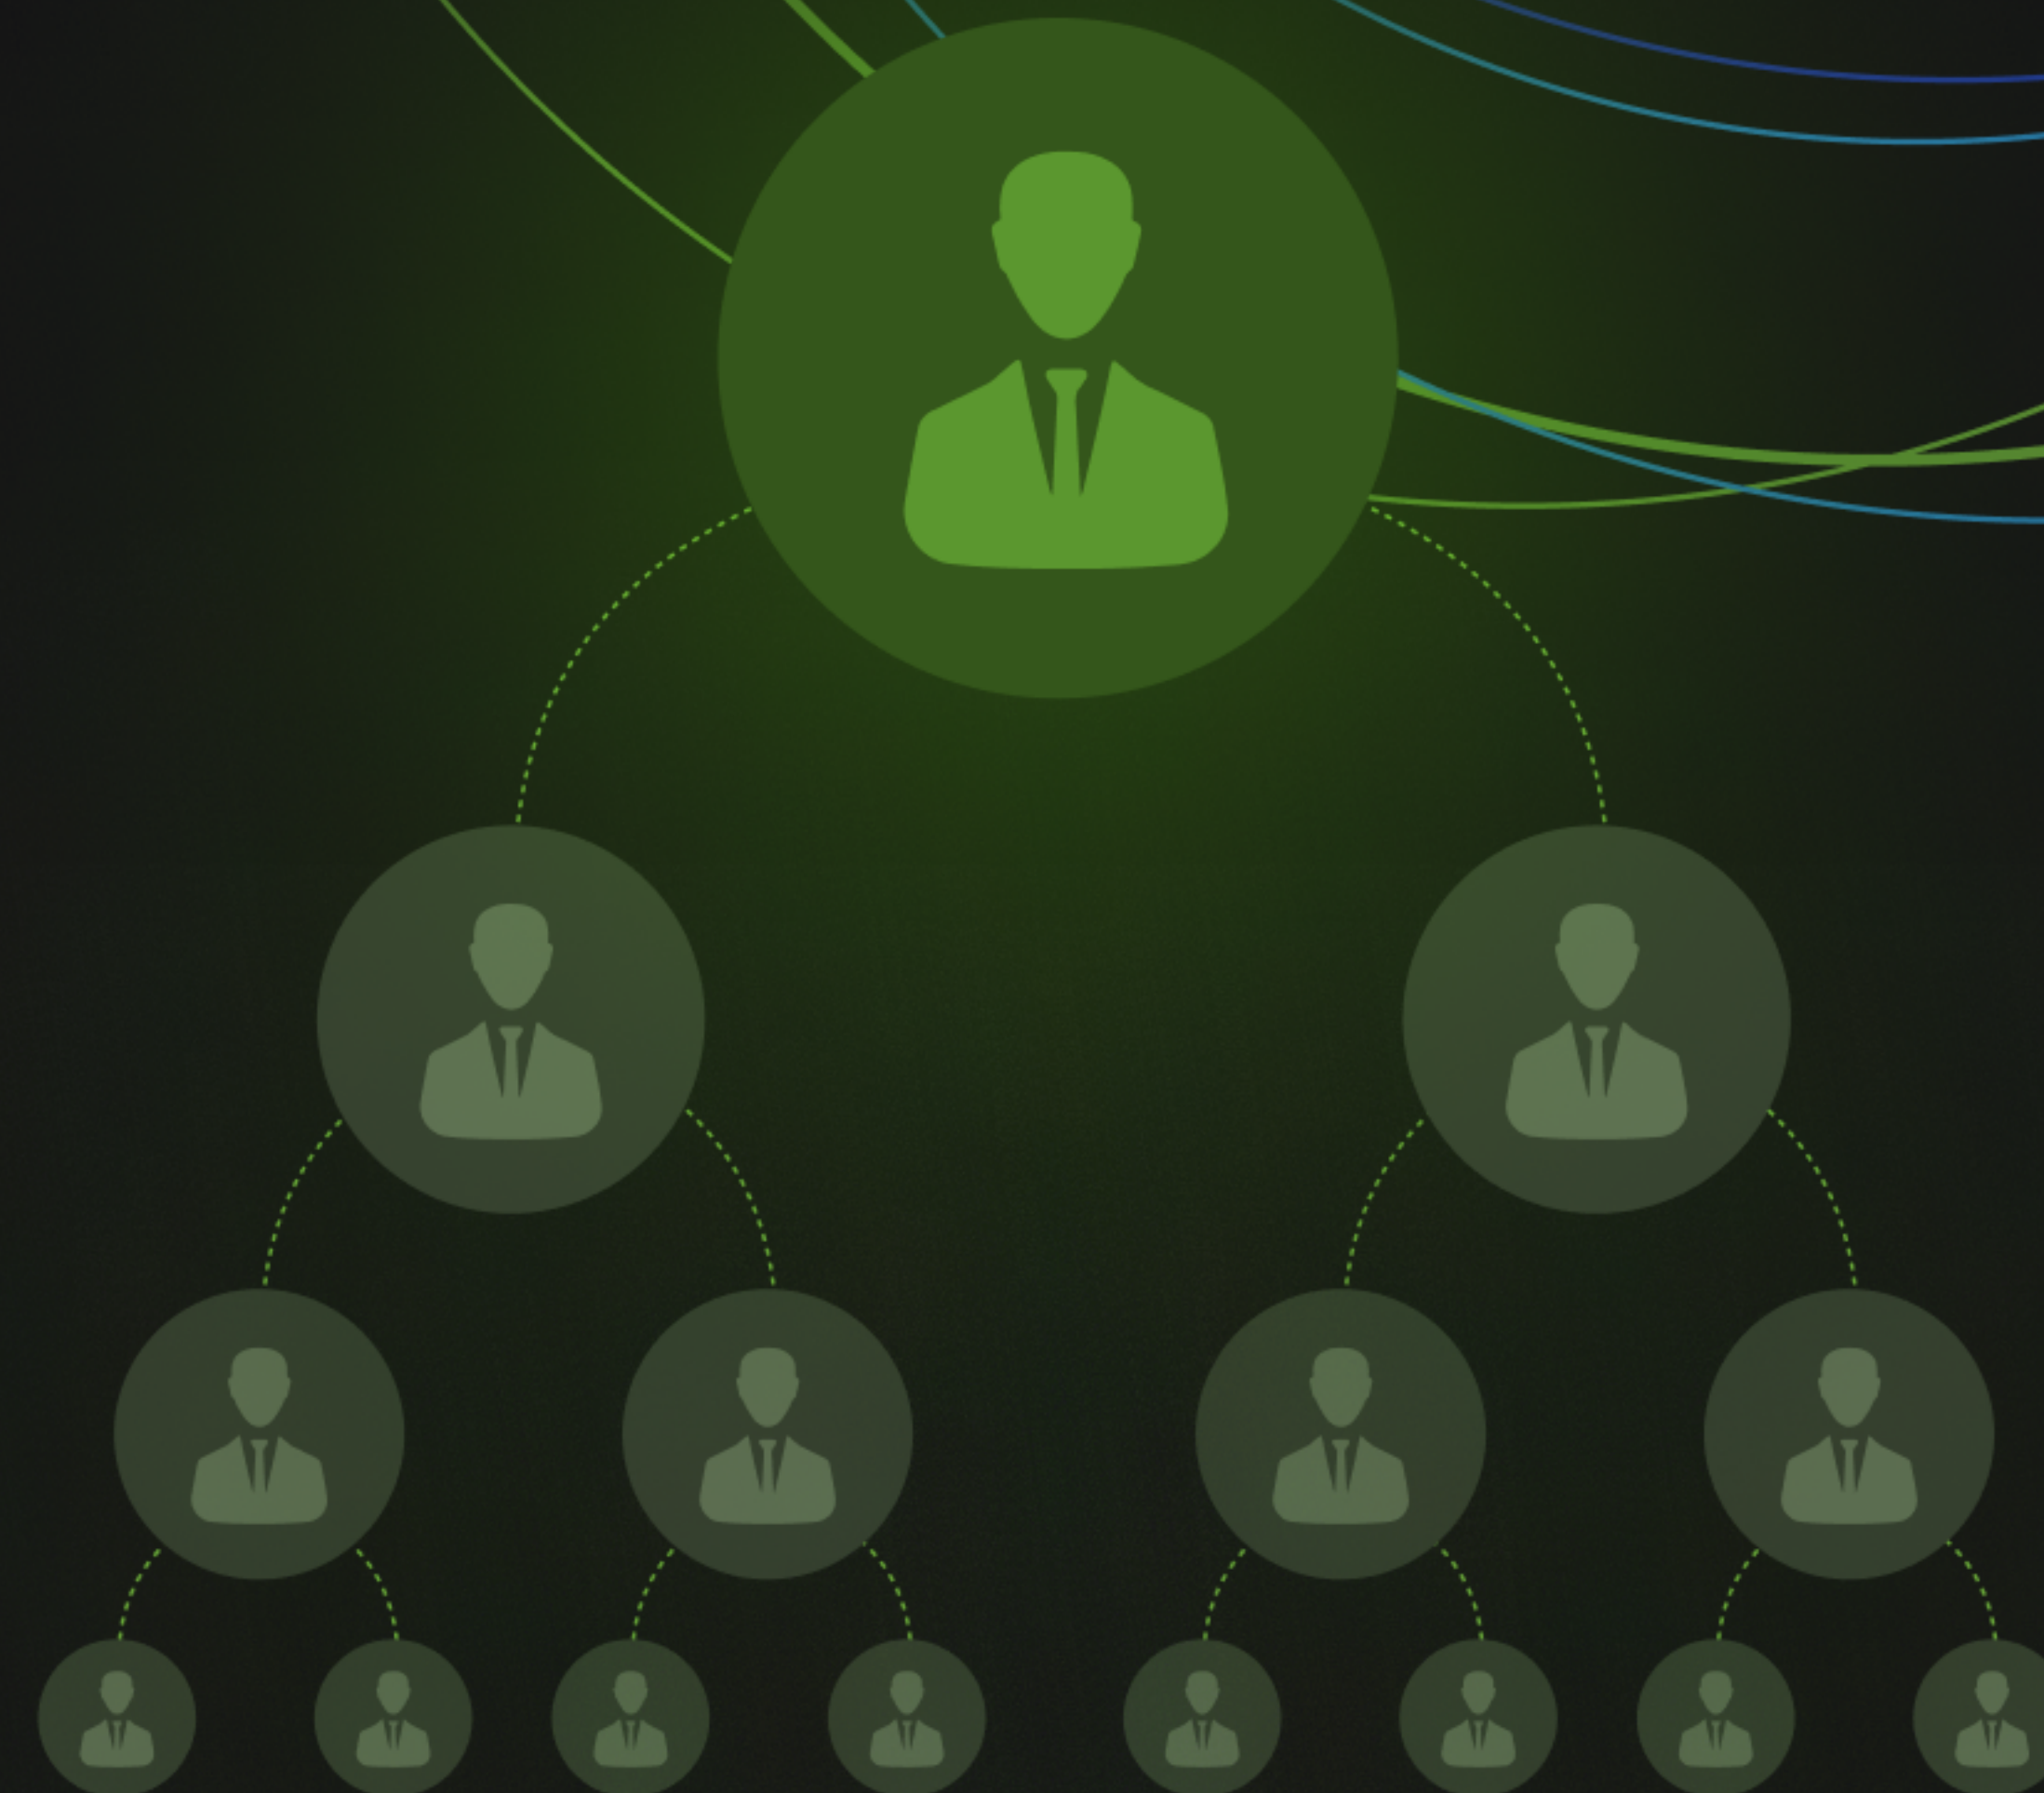

Direct bonus is paid as a one-time payment at the moment of purchase or each plan upgrade by your affiliate.

Binary Bonus

Binary bonus is a reward that is paid for symmetric construction of a binary tree.

This type of team formation implies the building of two tree directions (left and right), observing a certain logic.

*- Binary bonus maximum reward is 400% from the value of the platform user's arbitrage plan and is paid out weekly, at Saturday at 02:00 UTC. The payout limit is updated yet

Binary bonus

To activate this type of reward, you **need to qualify** by inviting at least one partner to the left and right with a purchased arbitrage plan, **worth 500 USDT or more**.

In order to get the maximum binary bonus payout, it is required to allocate at least 30% of the structure's volume to the sponsor direction and the remaining 70% to the opposite direction.
